1st PTYM (National)
Rules and format

- Every student has to work on at least two problems.
- 0.5 will be added to final grades on attempting each problem more than 2 required problems.
- The last submission date is 20 September 2023, 0.5 marks will be deducted in case of a delay of one day.
- Submissions will not be accepted after 21 September 2023.
- Each student has to make a folder on a drive link, where they will upload their submissions and paste the drive link to the submission form uploaded on the Instagram page and website.
- Name that folder with your name, and in that folder make subfolders of every problem you are working on and name that subfolder with the number or name of the
- problem. Each subfolder must have a report of the problem, a PDF, and a video presentation (use slides) of that problem.
- The video presentation should be 10 minutes long.
- Send your final solution in the form of a PDF, Files with extensions PDF are accepted, a separate file per problem, named in the following manner: "Yourfullname-PTYM2023-ProblemN.pdf". There is a 30-page and 5 MB limit per problem (A4, 11pt). The pages should be numbered.
- 0.5 marks will be deducted from the final grades on each step if the format is not followed correctly.
- The report should not exceed the page limit i.e., 2 pages per problem.
- The result will be finalized on 25 September 2023 and the name of the Team Pakistan will be announced on the very same day.
